

About

The studio

At Pipedreams, we specialise in transforming distinguished residential and investment properties, creating timeless interiors of exceptional quality, conceived entirely around you.

The founder

My journey in interior design and renovation began over 30 years ago, during which time I have worked across the UK and internationally for distinguished private clients.

Creativity and a deep understanding of my clients' needs are at the heart of everything I do. I take great pride in building lasting relationships, listening closely to each client's vision whilst bringing my own design sensibility to bear. For me, how a space feels is every bit as important as how it looks.

Robert Brown, founder and Managing Director

A modern kitchen and dining area. In the foreground, a large dining table with a white marble top and dark wood legs is set with a small vase of dried flowers and a candle. Behind it, a kitchen island with a white marble countertop and a white base is surrounded by four white bar stools with black legs. The kitchen features white cabinetry, a white marble backsplash, and a white countertop. A large window with white frames is on the left, and a glass-fronted cabinet is on the right. The text "In person services" is overlaid in a black, italicized serif font.

In person services

In person interior design & build consultation

We begin with an in-person visit to your property, where we take the time to understand your vision, aspirations and investment parameters. This allows us to offer informed, tailored advice on what is achievable and how best to realise it.

Prior to the consultation:

To make the most of our time together, we kindly ask that you share any floor plans, photographs or inspirational images in advance. Please also ensure the property is accessible for a minimum of one hour.

In person interior design & build consultation

After the consultation:

Following your consultation, we will be able to discuss the key points of our meeting, together with practical next steps to guide your design journey, whether you choose to continue with Pipedreams Interiors or not.

Where applicable, you will also receive a considered design brief outlining the vision for your project and how it can be realised in partnership with Pipedreams Interiors.

From £400 + VAT for the first hour

£150 + VAT per additional hour

Travel expenses may apply depending on location

Turnkey interior design & build package

Following your initial consultation, we offer a fully bespoke service tailored precisely to the scope and ambition of your project, including:

- In-depth consultations with clients across the UK and internationally
- Full design development: plans, colour schemes, mood boards, drawings, 2D floorplans and 3D renderings
- Furniture, interior finishes, joinery, flooring and fabrics
- Full site management by our in-house contractors
- Liaison with management companies and local authorities, including all associated fees
- Compliance with all relevant building regulations, listed building requirements and fire regulations
- Detailed costings for all works and materials
- Delivery to an agreed timeline

Initial design fee costs dependent on size and scope of work

From £10,000 + VAT for a two to three bedroom property

Floorplan

3D rendering

Mood board

Turnkey interior design & build package

Our process unfolds across four carefully managed stages:

- 1) **Your vision:** We begin with an in-person consultation at your property, taking the time to understand your aspirations, requirements and investment parameters.
- 2) **Design:** We survey the property and produce full 2D/3D floor plans, visual elevation plans and mood boards, presenting a range of colour schemes, textures, materials and fabrics to give you a clear picture of the finished result. Bespoke furniture, made to measure for your space, can also be specified at this stage.

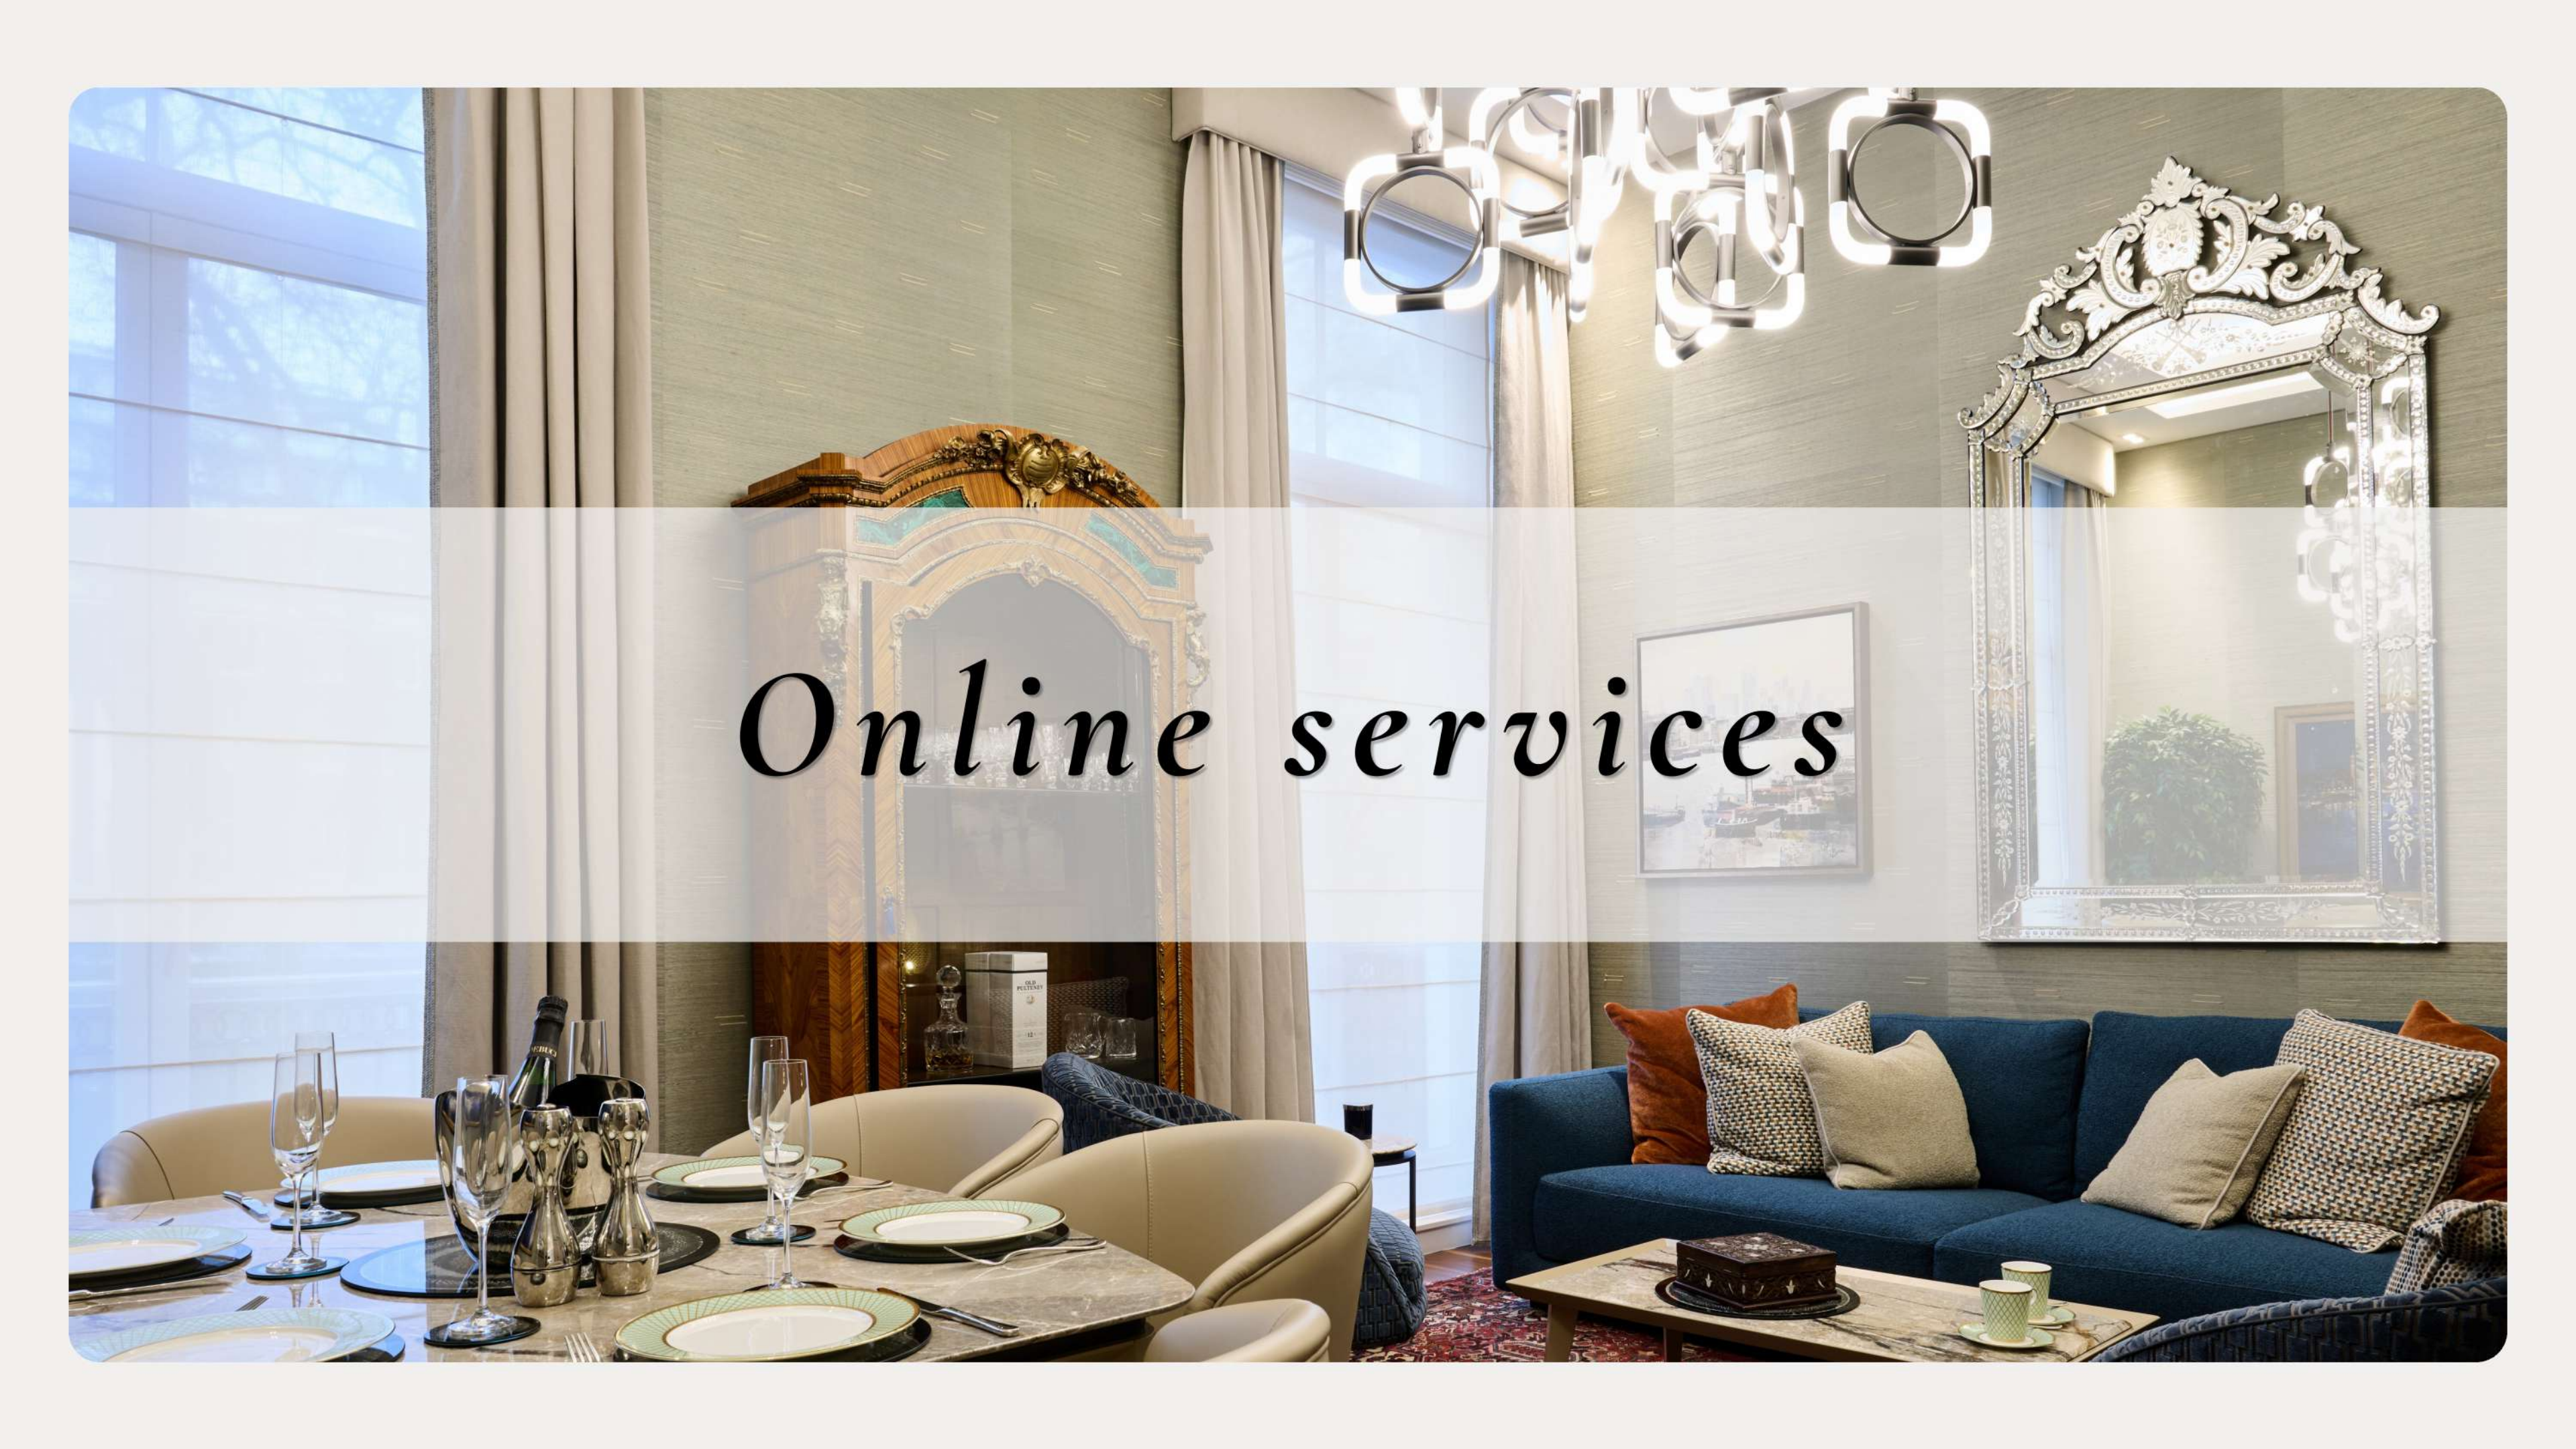

Turnkey interior design & build package

3) **Project coordination:** With your designs approved, our experienced installation team takes over to deliver the finished scheme. We manage all technical drawings, specifications, material procurement and planning applications on your behalf.

4) **Completion:** In the final stages we dress the property to the highest standard, before signing off and presenting the finished space to you.

The image shows a sophisticated interior space. In the foreground, a round dining table is elegantly set with white plates, green-rimmed chargers, and several tall champagne flutes. A bottle of champagne sits in a silver ice bucket. The table is surrounded by light-colored leather chairs. In the background, a plush blue sofa is adorned with orange, beige, and patterned throw pillows. A wooden coffee table in front of the sofa holds a small decorative box and two green patterned mugs. The room features large windows with light-colored curtains, a modern chandelier with square light fixtures, and two ornate mirrors: a large arched one and a rectangular one with a highly decorative frame. The text "Online services" is centered in a black, italicized serif font over a semi-transparent white band.

Online services

Online only interior design consultation

For clients based overseas or with demanding schedules, we offer a Virtual Design Consultation, an equally considered and thorough service delivered remotely.

To ensure the very best outcome for your space, we ask that you share floor plans, photographs and any relevant measurements in advance of your session.

This service is particularly well suited to smaller projects, as well as furniture selection and soft furnishings.

From £250 + VAT for the first hour

£150 + VAT per additional hour, subject to availability

Testimonials

“I had a very quick meeting with Robert and decided to go on and hire him to transform my new flat, which looked cold and ugly, into the home I dreamed to have in London. Robert and his team created not only a beautifully refurbished flat but a space with a clear personality that suits mine and my family’s lifestyle.”

“Robert has been wonderful, fulfilling all my desires and always flexible with my wishes. He and his team have always been professional, delivering on what I was promised, many times exceeding my expectations. Robert’s taste is impeccable, which gave me the confidence for him to deal with the small details.”

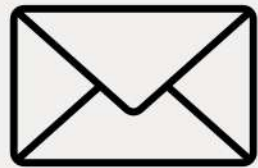

“Robert is very creative and always finds a way to continue with inspiration and wonderful innovative design ideas. Being a family of artists and working in contemporary art, creativity and keeping up with trends are a must-have! I have come to appreciate not only Robert’s work but also him as a person and friend.”
